Engineering College Rankings

Which College?

PICK THE RIGHT ONE FROM 850 CHOICES

FREE

- 2 hours of one-on-one career counselling
- Access to premium services at Pick-a-College.com

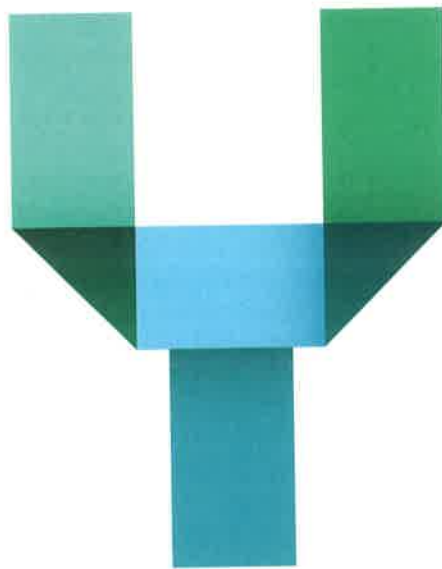

INSIDE

- Ranking of 850 engineering colleges
- 225 Colleges by placement
- Career prospects of 14 engineering streams
- 10 Things to check before finalising a college
- All you want to know about study loans

RAND Corp, USA has developed the methodology for the rankings

All-India Rankings of 850 engineering colleges

Confused about where you should study engineering?
Take a look at the all-India rankings to find out

YOU ARE ALREADY

familiar with the methodology that EDU-RAND uses to rank the multitude of engineering colleges in India.

The following pages contain the list of 850 engineering colleges in the country, beginning with the first rank.

The All-India engineering college rankings are followed by statewide rankings, rankings of top private colleges and

colleges ranked by the placement score.

How were the colleges scored?

Five parameters were taken into consideration to arrive at the final score and rank of colleges. The colleges were scored on the quality of faculty, research productivity, accreditation, how many seats the institutions are able to fill and the employability of its graduates.

These areas will help you understand why a

particular college is ranked above or below certain others.

How are faculty scored?

The faculty qualifications score is a weighted average of the percentage of engineering faculty with PhDs, the percentage of engineering faculty at the full and associate professor level (as opposed to assistant professor, lecturer) and the average number of years of teaching experience of the engineering faculty (on a scale of 0 to 1).

How is research rated?

The research productivity score is a weighted average of indices of publications and citations, converted to a zero (worst) to 10 (best) scale. The data covers the period 2009-2013.

What is the basis of the accreditation score?

A full score of 10 indicates either that all programmes have been individually accredited or the institution as a whole has been accredited. A score of zero indicates that there is no accreditation of programmes or the institution.

COLLEGE RANKINGS 2014
RANKINGS OF 850 COLLEGES

Col	EDU RAND Rank	Faculty Score	Research Score	Accreditation Score	Fill Rate Score	Placement Score
Kongu Engineering College, Erode	76	2	6	10	9	1
